

NEW FACES AT DAYLESFORD AND TRENTHAM'S SPRINGS MEDICAL

Springs Medical is proud to introduce the new Drs and Students for 2018. Each year Springs Medical welcomes a new contingent of GP Registrars - who are all fully qualified doctors completing their training in General Practice.

Dr Carmen Lei

Carmen graduated from Monash University and has been practising full-time in general practice since February 2017 in Bacchus Marsh. She is a registrar in the General Practice Training Program studying towards the Fellowship of the Royal Australian College of General Practitioners. She has completed a Diploma in Child Health through the Children's Hospital, Westmead and the University of Sydney. Previously Carmen has worked at Bendigo Hospital and the Monash Medical Centre, as well as general practice placements in Bendigo and Swan Hill. Carmen has interests in paediatrics, women's health, and aged care.

Dr Holly Lewis

Holly originally qualified in Animal and Veterinary Bioscience in 2011, then went on to complete her Medical degree in 2015 at Deakin University, coming to Ballarat Base Hospital to finish her final years of medical school and stayed on to work in obstetrics and paediatrics. Holly has a particular interest in women's health and sexual health with a special interest in LGBTQI+ care.

Dr Jake Osborne

Jake completed an undergraduate degree in Biomedical Sciences in Western Australia and completed his medical degree at The University of Notre Dame, Fremantle. He has extensive surgical experience, as well as emergency medicine experience from working in Western Australia, Footscray and Sunshine Hospitals. Jake moved to Daylesford this year and is committed to long term practice in the area and forming lasting relationships with patients and their families.

Dr Danielle Robinson

Originally from Melbourne, Danielle completed her medical degree at the University of Adelaide in 2004. She is now settled in the Ballarat area. She has extensive experience in adult medicine and medical specialities including cardiology and respiratory medicine, neurology and aged care. Danielle's recent experience includes emergency medicine and paediatrics.

Dr Joshua Saunders

Josh grew up in country Victoria and is excited to join the Springs Medical team. He completed his medical training at Monash University and has spent the past four years living and working close to home in the Ballarat area. He is passionate about modern rural General Practice and has a keen interest in Mental Health across all ages, Urgent Care and Child and Adolescent Health. Outside of the clinic Josh can be found out running, playing his guitar and being a proud dad.

Tamara Anders - Student

Tamara, originally from Melbourne, completed a Biomedicine degree with a Language Diploma in German. She is now a third year medical student who began her clinical years in the Rural Community Clinical School here in Daylesford in 2018. After having volunteered in refugee educational development she has developed a specific interest in both refugee health and health literacy as well as women's health. That being said, she tends to find any new topic she explores just as riveting. Tamara looks forward to everything medical and beyond that Daylesford has to offer.

Meningococcal & Hepatitis vaccines

FREE VACCINES NOW AVAILABLE

Vaccines to protect against Meningococcal strains ACWY, Hepatitis A, Hepatitis B and Human Papilloma Virus are currently free for many Gay Men, Bisexual Men and MSM.

Make an appointment with one of our GPs to discuss your eligibility for free Meningococcal, Hepatitis A, Hepatitis B and HPV Vaccine for MSM.

This is in response to outbreaks of Meningococcal C and Hepatitis A in Victoria.

Please call us to book an appointment or for online appointments go to www.springsmedical.com.au

Sarah Laing - Student

Sarah comes from South Australia where she completed a degree in Biomedical Science before relocating to Victoria for her medical studies. After two years of exploring Geelong she has joined the Rural Community Clinical School in Daylesford for 2018 where she looks forward to being a part of the Springs Medical Team. Sarah is interested in pursuing a career in General Practice and has a particular interest in the challenges and joys that working in a rural community can deliver. Whilst in Daylesford she hopes to make the most of the walking tracks and to grow to be a part of the community.
